Asked for by the Northern Pacific Railroad Company.

OAKES AND ROLSTON INCOMPETENT

To Manage Affairs, According to the Allegation of the Company—A Story of Mismanagement Set Forth by Receiver Platt, of the New York and New England Road, Says that it is Hopelessly Insolvent and Must Default on the January Interest.

Chicago, December 28.—The Northern Pacific Railroad Company, by Silas W. Pettit, of Philadelphia, in the circuit court of the United States, at Milwaukee, before Judge James G. Jenkins, its petition for the removal of Thomas F. Oakes, Henry C. Payne and Henry Rolston, the present receivers, and the appointment of other receivers in their places.

The petition sets out that Mr. Oakes, as president of the company, appointed E. G. Robin, the president of the Farmers' Loan and Trust Company of New York, which is trustee of most of the main and branch line mortgages of the Northern Pacific Railroad Company, chairman of the finance committee of the Northern Pacific directors.

The petition then states that when the Oakes-Rolston board took charge of the Northern Pacific it was in good financial condition and in high credit; that it had \$2,000,000 in cash in its treasury and that its surplus earnings for the first half of the fiscal year commencing June, 1889, amounted to about \$1,500,000.

The petition then goes on to say that the Oakes-Rolston board managed to increase the interest charges of the Northern Pacific Company for branch lines from \$20,000,000 to upwards of \$80,000,000 all in one year, and for the acquisition of properties no one of which (except a small line costing less than \$1,000,000) ever has been paid the cost of operation and fixed charges and many of which don't even pay the cost of operation and the petition further charges that in several instances and those the most disastrous to the company, the officers and board of directors were themselves interested in selling the property to the Northern Pacific Company at an exorbitant profit to themselves.

The story of the collapse of the Northern Pacific is then set out in great detail, naming particularly each of the railroads which were acquired by the Northern Pacific Company, and which the bill declares completed its ruin within one year of the Oakes-Rolston board getting into power.

The bill closes by declaring that the road cannot be reorganized unless its control is put in the hands of competent people, and the people now in control, it declares, are not that kind.

HOPELESSLY INSOLVENT

The Papers in the New England Receiver-ship Matter—Complaints Against the Management.

New York, Dec. 28.—The papers on which Judge Wallace yesterday appointed Thomas C. Platt temporary receiver of the New York & New England Railroad Company were filed to-day in the office of the clerk of the circuit court of the United States for the southern district of New York. The bill of complaint makes Theodore F. Wood complainant and the New York & New England railroad defendant.

The complainant says he believes the reports as to the available assets are untrue, and that a large part of the assets, are, in fact, worthless, and that the actual deficiency is more than \$1,500,000. For more than three years past the company has operated its road at a loss, increasing every year. The company has not kept the road in proper condition; it paid a \$210,000 dividend on its preferred stock in 1891 when it had not earned the money; the road bed has become unsafe; the board of directors has managed the company's affairs in entire disregard of the interest of the company, and certain of its directors, individually and collectively, have used their position and official relation to the company to further their private interests at its expense.

The violation of the traffic contract with the New York & Northern company and the New England Terminal company agreement, the lease of the Providence & Springfield railroad company, and other leases are cited as instances. The company had improperly paid dividends.

Many creditors are said to be pressing the company for payment and attachment suits are impending. Large amounts of money will soon fall due. There is no money for the January interest. The cash on hand is less than \$100,000.

The bill, therefore, asked that a receiver be appointed to prevent the disintegration of the road and to protect the interests of its stockholders and bondholders.

T. C. Platt says the company is hopelessly insolvent and must default on the January interest.

A LESSON TO CRANKS.

In Holding Donjon Judge Miller Expresses Some Timely Thoughts.

WASHINGTON, D. C., Dec. 28.—Joseph Donjon was arraigned in the police court to-day on the charge of sending threatening letters to Vice President Stevenson and Senator Mills. After hearing the evidence of the vice president's clerk and of Charles Mills, son and private secretary of the senator, and the personal statement of Donjon, Judge Miller bound the prisoner over to await the action of the grand jury, fixing bail at \$2,000.

In default of bail Donjon was remanded to prison. In holding the prisoner the judge was particularly severe against the class of cranks who are threatening, assaulting and otherwise harassing public men. He said the time had come to bring these people—whether anarchists, or socialists, or general cranks—up with a round turn, either in jail or at the rope's end.

Donjon's attorney, Lawyer Cuyler, has made application to Judge Cole, of the district supreme court, for a writ of inquiry to determine whether or not Donjon is sane. A hearing on the application will take place in a few days.

Double Tragedy in Texas.

ST. LOUIS, Mo., Dec. 28.—A special to the Republic from Paris, Texas, says: Rosalie, a small town in Red river county, was the scene of a double killing yesterday. A desperate character named Hamilton went there drunk and armed with a Winchester. He raised a row with a man named Bush, who had the reputation of being a quiet, peaceable man, and fired on him, shooting him through the breast. As Bush was falling he shot Hamilton through the head. Both died instantly.

STRIKING MINERS

At Belle Vernon Drive Away Non-union Men—Sheriff May Be Called On.

PITTSBURGH, PA., Dec. 28.—The striking miners at Bunola mines, near Belle Vernon, on the Monongahela river, are determined to prevent the operation of the pits with new men and it is probable that the sheriff will be called upon to-day to preserve the peace. An attempt to start the mines yesterday resulted in a pitched battle, in which revolvers, stones and clubs played an active part, but no one was seriously injured. The non-union miners, however, were driven away. Eight strikers were arrested for riot later in the day and charges have been preferred against twenty more. The strikers are mostly foreigners.

Gov. Lewelling's Tramp Circular Condemned.

TOPEKA, KANS., Dec. 28.—The sheriffs of Kansas at their state meeting which they say they attended as peace officers, not as politicians, were unanimous in condemning the governor's tramp circular. The sheriffs generally agree that the governor's letter to the police boards ordering leniency has given great license to tramps and has increased hold ups and robberies.
